EDUCATION

DARSHAN UNIVERSITY
BE IN COMPUTER ENGINEERING
Nov 2020 | Rajkot, Gujarat
Institute of Engineering
and Technology
CGPA: 8.70/10.0
CPI: 8.75/10.0

S.S.S.V SCHOOL
COMPLETED HSC
July 2020 | 58.31%
COMPLETED SSC
May 2018 | 84.17%

SKILLS

PROGRAMMING

Confident:
Java (OOPS) • JavaScript
• C • C++ • ReactJS • DSA
• MS SQL • C#
Familiar:
Shell Script • Python

TOOLS

Confident:
Git • GitHub • Linux
Familiar:
Visual Studio

FRAMEWORKS

Confident:
React JS • Bootstrap
• Entity Framework

COURSEWORK

COMPLETED

Completed coursework in C programming (FreeCodeCamp) and advanced Data Structures & Algorithms in C++ (CodeHelp). Proficient in Git/GitHub (Colt Steele Udemy) and ASP.NET Core MVC 6.0 (Brugen Patel Udemy).

ONGOING

Mastering DSA with C++ on Leetcode as well as code studios (Coding Ninjas). I have been practicing technologies, including JavaScript and ReactJS.

EXPOSURE

.NET Core Hackathon | WEB DEVELOPMENT

Feb 2023 | Visual Studio | Gateway Group

- Participated in .NET Core Hackathon arranged by Gateway Group.
- Our team (Tech Titans) made a **Road Safety app** that helps users to avoid accidents.

Hacktoberfest | OPEN-SOURCE CONTRIBUTOR

Oct 2022 | GitHub | Digital Ocean

- Contributed to various **open-source** projects in Hacktoberfest.
- Got merged **2 pull requests** out of 4 being made to projects by maintainers.

Ingenium Tech Fest | CAMPUS AMBASSADOR | TEAM LEAD

June 2020 - Sep 2020 | Ahmedabad, Gujarat

- Served as a Campus Ambassador of our collage in Ingenium Tech Fest organized by Ahmedabad University.
- Received around **120+ applicants** under my lead.

PROJECTS

Magazine Online Store | .NET Core Web App

March 2023 | GitHub

Developed e-commerce website for magazine using ASP.NET Core MVC 6.0 with **Entity Framework**. Implemented N tier architecture & **repository pattern** for scalability and maintainability. Implemented role-based toggling of functions. Utilized **MS SQL (2018)** for DB integration.

CrashVision Road Safety | .NET Core Web App

February 2023 | GitHub

Our team participated in The Gateway Corp's 30-hour .NET Hackathon to create a Road Safety app. Developed a website to display accident data on **OpenStreetMap** with weather info using .NET MVC 6.0, JavaScript, **RapidAPI**, and MS SQL (2018).

Honor News | React App

July 2022 | GitHub

Created a **ReactJS** application using **NewsAPI** to fetch and display real-time top headlines from various media sources. The app updates headlines on an hourly basis and was built with a technology stack including ReactJS, HTML, CSS, and Bootstrap.

House Problem Solving | Static Web App

July 2021 | GitHub

Made this concept website to solve the **daily household problems** that people face. The tech stacks used were: HTML5, CSS3, BOOTSTRAP V4.1, JavaScript.

ACHIVEMENTS

- 2021 Got 4 ★ in Hacker rank C.
- 2022 Got 3 ★ in Hacker rank JAVA.
- 2022 Got a skill certificate from hackerrank in Java (Basic) and SQL(Intermediate).
- 2022 Got certified by National Institute of Securities Markets (NISM) as MFD.
- 2022 Currently having institutional rank 22 at GFG practice platform.
- 2023 Got certified by Udemy for completion of course on ASP.NET Core (6.0).
